CLERICI TESSUTO

Company Policy

The Clerici Tessuto Group, of which Clerici Tessuto & C. S.p.A. is the parent company, is one of the world's most important textile companies in the luxury sector in terms of creativity and product manufacturing capabilities.

Since 1922, Clerici Tessuto has been running a supply chain based on its own creative and productive resources and the best partners in the Italian textile industry. Creativity, continuous training, specialisation and passion have made the company the supplier of choice for the major fashion brands, producing fabrics for clothing, furnishing and accessories.

Clerici Tessuto is committed to satisfying its customers' requirements by improving the quality of its products and services through its organisation, business processes and services. Moreover, Clerici Tessuto intends to be a conscious and attentive subject to environmental and safety issues in the workplace. Indeed, the company pays the utmost attention to the development of an eco-sustainable economic model, aimed at reducing the social, environmental and economic impacts generated by its activities.

Customer Attention

Clerici Tessuto targets selected customer segments, producing fabric collections for womenswear, menswear, accessories and furnishings.

The company policy adopted in the development of the collections includes a process of research and innovation on yarns, fabrics and packaging; the raw material procurement process also takes place in compliance with sustainability and traceability criteria to ensure the development of a high-quality product.

In support of its policy, the company offers the following product certifications: GOTS (Global Organic Textile Standard), GRS (Global Recycled Standard), FSC® (Forest Stewardship Council), European Flax®, Oeko-tex®.

In addition, the company has joined the BCI initiative and the ZDHC programme.

Improving Environmental Performance

Clerici Tessuto, aware of the significant environmental impacts generated by the textile industry, is committed to promoting actions to prevent and mitigate the environmental impacts generated by its business processes.

The company promotes the protection of the environment, the prevention and mitigation of environmental impact through careful selection of suppliers, evaluates and encourages investment in the installation of state-of-the-art, low-emission machinery, and proposes environmentally sustainable fabrics in its collections and in the realisation of customer requests.

Attention to the Worker

Clerici Tessuto aims to create wellbeing and promote an inclusive work environment and is committed to combating all forms of discrimination in company policies and practices.

Clerici Tessuto aims to enhance its human capital by promoting the development and updating of employees' skills.

The company has adopted a system that complies with the requirements of Legislative Decree 81/08 and ISO 45001.

The management system and risk assessment activities, formalised in the Risk Assessment Document (RAD), lay the foundations for continuous improvement of the level of safety in the workplace and are subject to constant review.
